

The AMHRC has been involved in the struggle for human rights of the Macedonian people both in Australia and internationally for over 25 years, either directly or through our partner organisations. In addition to taking various politicians to task over their comments and actions concerning the Macedonian people, challenging government policy, defending and promoting the community's interests, the AMHRC has also continued to support our Macedonian minorities in Greece, Bulgaria and Albania through direct funding and other means. With the issue over the right of the Republic of Macedonia to use its constitutional name reaching a critical phase, there has never been a better time to be engaged or re-engage with the struggle of the Macedonian community for equality and respect.
